Environment

By protecting the environment through reducing our energy, waste, water usage, and other initiatives we are combatting climate change and making our world a healthier place for everyone.

Social

Our commitment to social responsibility builds a stronger community through our continuous support of the principles of diversity, equality, and inclusion.

Governance

We strive to hold ourselves to the highest standards of governance, by promoting honesty, transparency, and integrity in all our dealings with employees and those whom we serve.

ESG PRO Limited work with organisations of every size to achieve their ESG, and sustainability reporting goals in alignment with the GRI, SASB, CSRD, B Corp, EcoVadis, and the GHG Protocol.

Go further than you ever dreamed possible, and use this first step to work towards being certified to B Corp, EcoVadis, or even verified carbon neutral per ISO14068/PAS2060:2014 — all supported by ESG Pro.

■ No hidden fees

There are no additional fees to secure your ESG rating, although we do offer optional additional services for organisations seeking help in achieving higher scores.

■ Continuous access

The certification process includes 12 months' access to our learning portal, live web events, and help desk to help make your sustainability journey successful!

Using ESG to change **Positively**

Every organisation has scope to improve, and yet change does not have to be expensive or complicated: it just requires many incremental steps in the right direction.

COMMUNITY BENEFIT

Sustainability is more than just protecting the environment; it requires looking after people too. The principles of ESG foster caring for those in your community too, by promoting equality, dignity, and fairness for everyone.
